

Notice of Completion of Environmental Project Report

Dundas Bus Rapid Transit (BRT) Mississauga East Project – Transit Project Assessment Process (TPAP)

Metrolinx, in collaboration with the City of Mississauga, is continuing to advance planning for the Dundas Bus Rapid Transit (BRT) corridor by completing the Environmental Project Report (EPR) for the Dundas BRT Mississauga East (between Etobicoke Creek and Confederation Parkway) Project, in accordance with Ontario Regulation 231/08.

The Project

The Dundas BRT Project is a proposed transportation corridor along a 48 kilometre stretch of Dundas Street from Highway 6 in the City of Hamilton through to the Kipling Transit Hub in the City of Toronto, linking Etobicoke and Mississauga City Centres. More than 20 kilometres of this 48 kilometre municipal transit project would operate in bus lanes or in a dedicated right-of-way, separate from other traffic, allowing faster and more reliable transit connections. This notice is for the Mississauga East (between Etobicoke Creek and Confederation Parkway) seven kilometre segment of the corridor (herein referred to as the Dundas BRT Mississauga East Project).

The Process

The environmental impacts of the Dundas BRT Mississauga East Project were assessed, and an EPR has been prepared to document the findings and proposed mitigation, according to the TPAP, as prescribed in Ontario Regulation 231/08 made under the *Environmental Assessment Act*.

The EPR for the Dundas BRT Mississauga East Project is available for review on the Project website at www.metrolinxengage.com/DundasBRT for a **30-day public review period starting February 23, 2022 and**

ending on March 25, 2022. Interested persons are encouraged to review this document and provide comments by **March 25, 2022** to the project email: Peel@metrolinx.com.

If you do not have access to the internet or would like to request hard copies of project materials, require accessibility accommodations, or would like to provide input, please contact the Community Relations team using the email address above or call (416) 202-7500.

There are circumstances where the Minister of the Environment, Conservation and Parks has the authority to require further consideration of the transit project or impose conditions on it. These include if the Minister is of the opinion that:

- The transit project may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest, or
- The transit project may have a negative impact on a constitutionally protected Aboriginal or treaty right.

Before exercising the authority referenced above, the Minister is required to consider any written objections to the transit project that he may receive within 30 days after the Notice of Completion and the EPR is first published.

If you have discussed your issues with the proponent(s) and you object to this transit project, you can provide a written submission to the Minister of the Environment, Conservation and Parks no later than **March 25, 2022** to the address provided below. All submissions must clearly indicate that an objection is being submitted and describe any negative impacts to matters of provincial importance related to natural or cultural environment or Aboriginal treaty rights. Objections must be received within 30 days after the Notice of Completion of the EPR is first published.

Ministry of the Environment, Conservation and Parks

Environmental Assessment Branch

Attention: Daniel Raisman, Project Officer

Tel: 416-535-8528

Email: daniel.raisman@ontario.ca

If not already provided, a copy of the objection will be forwarded to the proponent by the Ministry.

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment, Conservation and Parks for the purpose of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in s. 37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please visit metrolinx.com/en/aboutus/privacy.aspx or contact the Senior Privacy Officer for Metrolinx at 416-202-5941.

This Notice was first published on **February 17, 2022** and again on **February 24, 2022** to inform all interested parties of the Notice of Completion as of **February 22, 2022**.
