

GO Expansion: Shape the future of transportation in your community.

Year after year, train by train, Metrolinx has committed to constantly improving transit for people living in the Greater Golden Horseshoe. Now, that work is taking on a whole new energy. Thanks to a huge investment in infrastructure, Metrolinx is working to quadruple GO Rail service and improve customer experiences.

To get people moving we are actively building and upgrading existing GO Rail stations, adding new track, building and opening new maintenance and storage facilities, expanding and revitalizing bridges around our region and improving pedestrian connections.

Please join us at an upcoming open house to learn about key GO Rail transit projects relevant to your community, provide feedback and talk to our staff.

Public meetings will start at 6:30pm on weeknights and 11:30am on weekends.

Topics will include:

Introduction to new Environmental Assessments under the Transit Project Assessment Process (TPAP) (*Ontario Regulation 231/08*) to build new rail infrastructure:

New Track & Facilities TPAP

As part of the GO Expansion program, Metrolinx has identified new infrastructure requirements including track, layovers, and electrification, to achieve the established service level targets across the network.

Scarborough Junction Grade Separations TPAP

Improvements to accommodate the GO Expansion rail service on the Stouffville and Lakeshore East GO lines.

Stouffville Grade Separations TPAP

Improvements to accommodate the GO Expansion service on the Stouffville rail line through grade separations or road closures at seven crossings.

Network-Wide Structures Project

Improvements across the GO Rail network including grade separations.

Updates on Network Technical Studies:

- Noise & Vibration
- Air Quality
- Vegetation Management Program
- Heritage & Archaeology
- Natural Environment

Metrolinx open houses starting February 18, 2020.

Have your say in the future of transit in your community.

Together let's get moving.

Join us at an open house near you.

Weeknights 6:30pm - 8:30pm.
Weekends 11:30am - 1:30pm.
